Features :Track Salesman on Web App.

Features : Tracking Report with Time

The screenshot displays the 'Salesman Tracking' interface. On the left is a dark sidebar with a navigation menu including: Dashboard, Visit Entry, Reports, Masters, Salesman Tracking (highlighted with an 'App' badge), Pending Sheet, Import Excels, Salesman City, Manage Users, and Help. The main content area has a search bar at the top with the text 'Search for something...'. Below it, the page title 'Salesman Tracking' is shown with a breadcrumb 'Home / Report / Salesman Tracking' and a download icon. A green success message states 'Tracking Report successfully generated!'. Below this is a filter section with 'From Date' (2017/01/27), 'To Date' (2017/02/01), and 'Salesman' (CS) dropdowns, along with 'Go' and 'Visit Map' buttons. The bottom section, titled 'Salesman Tracking Report', contains a table with the following data:
